

W+A DACHGRÜNPLUS – COLOURFUL AND ALIVE

Technical specifications of W+A Dachgrünplus

Features:

- + High-quality vegetation substrate for extensive roof greening
- + Manufactured from broken roof tiles and enriched compost
- + Grain size 4/16 mm
- + Compaction factor approx. 1.15%
- + Recycled product
- + Blowable

Weight

| | |
|------------------|------------------------|
| Dry weight in kg | 1030 kg/m ³ |
| Wet weight in kg | 1567 kg/m ³ |

| | | | | | | | | |
|------------------------------|-----|-----|-----|-----|-----|-----|-----|-----|
| Build-up height in cm, loose | 8 | 9 | 10 | 11 | 12 | 13 | 14 | 15 |
| Dry weight in kg | 82 | 92 | 103 | 113 | 123 | 133 | 144 | 154 |
| Wet weight in kg | 125 | 140 | 156 | 172 | 187 | 203 | 219 | 234 |

Retention capacity

| | |
|---|--------------------------------|
| Parameters | Measurement values % by volume |
| Air capacity relevant to seepage pores (AC) | 26.5 % |
| Usable field capacity (uFC) | 27.8% |
| Water capacity relevant to seepage pores and plants (rWC) | 54.2% |

| | | | | | | | | |
|------------------------------|----|----|----|----|----|----|----|----|
| Build-up height in cm, loose | 8 | 9 | 10 | 11 | 12 | 13 | 14 | 15 |
| Water retainer in litres | 43 | 49 | 54 | 59 | 64 | 70 | 75 | 81 |

Delivery forms:

- + With suction and blower truck
- + Tip truck
- + In Big Bags
